

RANJEET DEHMUKH DENTAL COLLEGE AND RESEARCH CENTRE, NAGPUR

RESIDENT AS TEACHER WORKSHOP

INTRODUCTION

The Resident as Teacher Workshop is a dedicated program aimed at empowering residents to become effective educators in clinical settings. Recognizing the vital role residents play in teaching medical students and peers, this workshop focuses on practical teaching techniques, communication skills, and strategies for giving constructive feedback. Through interactive sessions and hands-on practice, participants will develop the confidence and tools needed to excel as mentors and leaders, ultimately enhancing both learner outcomes and patient care.

LEARNING OBJECTIVE

This course will provide training to post graduate students for developing various soft skills required to become competent teachers & clinicians.

TARGET AUDIENCE – MDS 1st Year Students

DURATION – 2 days

DATES – 2nd or 3rd month after admission
